A WORTHY CAUSE

Another case of destitution under most painful circumstances comes to our notice in the death of Lee Fortune. Some of us perhaps know that Lee was an industrious, hard-working man, and while caring for an invalid parent about a year and a half, who died about three weeks ago, he was at the same time doing night work, and paying for a little home on which was about \$425.00 mortgage, including street assessments. His work and anxiety were evidently too much for his strength, as about three days before his death he became insane. His friends attempted to restore him with a few days' rest at a sanitarium, but while there he became so violent he was compelled to be taken to Salem where within two or three days he died, leaving a wife and two children, one and two years old respectively.

In behalf of the widow and children, and in respect to the memory of an industrious man and faithful son, his friends are trying to complete the payment on the little home and turn it over to the mother and children jointly to insure its being held for that purpose. Mr. Hurlbert, who has already helped the family in many ways, when approached on the subject, agreed to discount the note \$100, and another of our citizens has subscribed \$100, and duplicate subscription lists have been left at the two banks in St. Johns, where any one appreciating an opportunity can call and subscribe such amounts as they are willing to give toward the payment of the balance, which is now only about \$225. The Review recommends this as a most worthy cause. The title to the property has been examined and found free of encumbrance except the balance stated. It is an opportunity to do a good deed and at the right time.

Baraca! Baraca! Baraca!—All young men who are not interested in any other class are cordially welcome to come and join the Baraca class at the Baptist Sunday school at 10 a. m. We want you.

Stories of Success

JOHN S. HUYLER

From the very outset of his career, when he stood on Broadway wrapped in his white apron, his shirt sleeves rolled back, the future candy king understood the fine art of conserving energy towards a definite action. Instead of dipping into a hundred schemes, he carefully saved every incoming penny until a good bank account enabled him to create a business in which the name "Huyler" is one to conjure with. The career of John S. Huyler is a personal message to everyone who wants to succeed. This man was a saver, and a savings bank pass-book was the latch key to his success. It is the key that unlocks the future for all who have energy and determination. It will keep you ever ready for whatever good fortune may await you. A savings account, added to in a small way, will surprise you with its growth. It's very existence is a permanent invitation to save whatever you can. It will enable you to look the world squarely in the face and demand your own.

Warning to Parents

All parents are hereby warned to keep their children off the streets after eight o'clock p. m. till March 1st. The curfew ordinance will be enforced by order of the council. All children under the age of 16 years found upon the streets after the above hour will be arrested, unless accompanied by guardian or parent. The minimum fine is \$5 and the maximum \$25. This goes into effect at once. One and all will be treated alike. A word to the wise is sufficient.—R. McKinney, Chief of Police.

For Sale or Trade

For St. Johns property, 40 acres of good land 3 1/2 miles from Castle Rock Wash., 2 acres cleared, 15 acres slashed, new 4-room house, best of water, 1/2-mile to graded school, berries of all kinds, on R. F. D. Price \$2000. See G. W. Ford, 837, North Leonard street.

Revival Services

The meeting opens nicely in the Christian Church, this city. We continue a series of weeks and invite YOU and your friends. We have exceptionally good singing for so soon in the meeting. Mr. Ben C. Crow of Spokane, Wash., has charge of the chorus and is soloist for the meetings. A good interest is manifest and the preaching is tolerable good, for I do that myself! Please come when you can; we will be glad to welcome you.—J. H. McWhirter.

GOOD ADVICE FOR ST. JOHNS PEOPLE

People in St. Johns who have constipation, sour stomach or gas on the stomach, should use simple buckthorn bark, glycerine, etc., as compounded in Adler-i-ka, the new German appendicitis remedy. A SINGLE DOSE brings relief almost INSTANTLY because this simple mixture antiseptizes the digestive organs and drains impurities. Jackson & Thompson, druggists.

The best plaster. A piece of flannel dampened with Chamberlain's Liniment and bound over the parts is superior to a plaster and costs one-tenth as much. For sale by all dealers.

BULLETIN NO. 2

This Bank has just received the approval from the United States government to become Depository for Postal Saving Funds.

This means that any funds placed with the local postal savings bank, will be deposited with this bank in whatever proportion it is entitled to same.

We feel, this new venture of the government is a good one, in as much as it will bring out any money which might be in hoarding and that of a certain foreign element.

To the business man, the professional man, the man with a checking or saving account, it means nothing.

The business man could not and would not patronize a postal savings bank, the man who needs financial assistance will not have the bank, because he cannot get any accommodation from Uncle Sam. The savings depositors is also going to stay with the Bank, because he receives more interest and can get his money at any time without sacrificing all of his interest.

This bank will in the future, as it has in the past, take care of its customers.

RESOLUTION

It is resolved by the city of St. Johns, Oregon:

That whereas, for the purpose of protecting the City of St. Johns and the inhabitants thereof from extortionate charges for rock to be used in the improvement of streets, said city has heretofore purchased, and now owns, a rock quarry and crushing plant, situated in Whitcomb Court, opposite said city. That said city did for a time operate said quarry and rock crusher as a municipal enterprise, that in so operating said quarry and crusher, large sums of money were expended, the same being greatly in excess of all revenue derived therefrom.

Wherefore, as a means to accomplish the ends for which said quarry and crusher were purchased, the Council of the City of St. Johns did enter into a contract to and with the "Whitcomb Quarry and Contract Company," a corporation, by the terms of which contract, the said Whitcomb Quarry & Contract Company does bind itself to furnish all crushed rock which may be required for street improvement purposes in the said City of St. Johns, and at a price fair and reasonable to any and all street contractors, and to all property owners paying for such street improvements, which price being greatly reduced from any price which the said city could make and yet operate said quarry and crusher in a manner to pay operating expenses, under municipal supervision. That the price made on street rock by the said Whitcomb Quarry & Contract Company having by the City of St. Johns been made the basis of calculation of the cost of all rock work on streets.

Therefore be it further resolved, that for the reasons and purposes hereinbefore set out, any and all contractors now holding contracts with the City of St. Johns for the improvement of any street or streets, as well as all contractors who may hereafter secure such contracts, are hereby directed and required to secure the rock required for such contracts, at the City rock quarry, unless said contractors would be thereby unreasonably delayed, owing to said quarry being operated to its capacity on existing contracts with the city of St. Johns.

Adopted by the council this 3d day of October, 1911.

F. A. RICE,
Recorder.

RESOLUTION

It is resolved by the City of St. Johns:

That it deems it necessary and expedient to improve Newton street from the northerly line of Portland boulevard to the southerly line of Bank street, in the city of St. Johns in the following manner, to wit: By grading said portion of street to grade to be established according to profile filed in the office of the city recorder of the city of St. Johns, Sept. 30, 1911, and placing a six-foot cement walk with twelve foot curb on both sides of said street the entire length of said improvement, together with all cement cross walks and corrugated iron gutters, as shown on said profile.

Work to be done according to the plans and specifications of the city engineer on file in the office of the city recorder relative thereto, which said plans and specifications and estimates are satisfactory and are hereby approved. Said improvements to be made in accordance with the charter and ordinances of the city of St. Johns, and under the supervision and direction of the city engineer.

That the cost of said improvement to be assessed as provided by the city charter upon the property especially and particularly benefited thereby, and which is hereby declared to be all of lots, parts of lots, blocks and parcels of land between the termini of such improvements abutting upon, adjacent or proximate to said Newton street in equal proportion to each lot abutting thereon from the marginal lines of said street back to the center of the block or blocks or tracts of land abutting thereon or proximate thereto.

That all the property included in said improvement district aforesaid is hereby declared to be local improvement district No. 74.

That the city engineer's assessment of the probable cost of said improvement of said street is \$5,517.38.

That the cost of said Newton Street improvement is to be assessed against the property in said local assessment district as provided by the city charter of the city of St. Johns.

Adopted the 3d day of October, 1911.

FRANK A. RICE,
Recorder.

RESOLUTION

It is resolved by the city of St. Johns:

That it deems it expedient and necessary to improve Baltimore St. from the southerly line of Johnson street in the city of St. Johns in the following manner, to wit: By grading said portion of street to grade according to profile filed in the office of the city recorder of the city of St. Johns, July 2nd, 1910, and by placing a foot cement walks with 12 foot curb on both sides of said street the entire length of said improvement, the design of this work being to place the entire street from curb to curb in shape for hard surface finish, and all work shall be finished in conformity with such plan, according to the plans and specifications of the city engineer on file in the office of the city recorder relative thereto, which said plans and specifications and estimates are satisfactory and are hereby approved. Said improvements to be made in accordance with the charter and ordinances of the city of St. Johns, and under the supervision and direction of the city engineer.

That the cost of said improvement to be assessed as provided by the city charter upon the property especially and particularly benefited thereby, and which is hereby declared to be all of lots, parts of lots, blocks and parcels of land between the termini of such improvements abutting upon, adjacent or proximate to said Baltimore street in equal proportion to each lot abutting thereon from the marginal lines of said street back to the center of the block or blocks or tracts of land abutting thereon or proximate thereto.

That all the property included in said improvement district aforesaid is hereby declared to be Local Improvement District No. 75.

That the city engineer's assessment of the probable total cost of said improvement of said street is \$2,910.24.

That the cost of said improvement is to be assessed against the property in said local assessment district as provided by the city charter of the city of St. Johns.

Adopted the 3d day of October, 1911.

SUMMONS

In the Circuit Court of the State of Oregon for Multnomah county.
Jesse J. Pratt, Plaintiff, vs. Guy A. Pratt, Defendant.

To Guy A. Pratt: In the name of the state of Oregon you are hereby required to appear and answer the complaint filed against you in the above entitled case and cause before the 15th day of November, 1911, six weeks from the day of the filing of this summons.

If you fail to appear and answer the plaintiff will take judgment against you for want thereof and for the relief as prayed for in her complaint on file herewith, which reference is hereby made and more particularly as follows:

For judgment against you and a decree dissolving the bonds of matrimony now existing between you and the plaintiff, Jesse J. Pratt, and for the custody of your child, Dick Allen Pratt, and for such further relief as the court may deem meet in the premises.

This summons is served by publication by virtue of an order made by the Hon. Wm. Gates, Judge of the above entitled court, and dated October 2nd, 1911, to be published in the St. Johns Review a newspaper of general circulation in said county and state.
